

Principles of Sound Scientific Writing: A Series

The Introduction, Setting the State for your Scientific Paper

Please join us on Wednesday, May 22, from 6:00-8:00PM for an In-person only workshop. We will discuss principles of writing an effective introduction to a scientific manuscript. Refreshments will be served at 5:30PM.

Workshop Leader: Goutham Rao, MD

Objectives: (1) Explain the importance of writing clear, persuasive introduction to a scientific paper; (2) Explain the application of the 5Cs paradigm to writing an introduction; (3) Adopt a rational, step-wise strategy to create a sound introduction.

Location: Samson Pavilion - 271 - TEAL Classroom (NUR) in the HEC

To RSVP, please register and pay-online at (INSERT LINK)

Registration Fee: \$25
